

Be Safe

SAFETY ALERT

EMPLOYEE SKIER/RIDER RESPONSIBILITY

As an ambassador for the resort, it is your responsibility to know the code and set an example for safe skiing and riding. We hold our employees to the highest standard and know we can count on you to promote a safe and fun environment for you, your teams, and our guests.

All Employees should KNOW THE CODE:

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Complementing the Skier Responsibility Code and its 7 tenets, #RideAnotherDay promotes 3 actions every skier and rider can take to help keep themselves and those around safer on the slopes. These three actions are:

1. Be Ready

Be ready to slow down or avoid objects or other people at any time. Ski and ride in such a way that you are always able to control yourself regardless of conditions and avoid others and objects you may encounter on the run, groomed or otherwise.

2. Stay Alert

Stay alert to what's going on around you, especially other skiers and riders. Being aware of those around and changing conditions will help you have a fun and safe day on the hill.

3. Plan Ahead

Ease up at blind spots, check uphill when merging onto trails, and give other skiers plenty of room when passing. Look out for spots on the run where traffic merges or you can't see what's coming next. If you are unfamiliar with a run, take it easy the first time down it and make note of places where you'll want to slow down, such as cat tracks and rollers. Also, give other skiers and riders lots of room, especially if you are passing them. There's plenty of space out there, so there's no need to crowd each other.

By doing these three things every run, you'll be helping keep the slopes safe and enjoyable, for you and everyone else.
